Subject: RE: Glyphosate: EFSA updates toxicological profile

I'd like to see her review and talk to her about it. Perhaps we can have an NCEA chat prior to an ORD call.

When I get to the office, I'll send you Glinda's review. She found the OPP analysis superficial and the conclusions unsupported.

Looping in Lynn. I think we're all onboard to having an ORD meeting to discuss. I'll work with Jackie to get a meeting set up. I also thought there was mention of briefing Tom before going to OPP but I'm not sure how that would work time-wise.

From the attachments and emails that Jackie forwarded, it appears that EFSA just made a press release finding glyphosate to be an "unlikely" carcinogen.

Good morning

Just a reminder that, as NCEA does it review, to please feel free to include or consult Charles Wood and Danelle because of their previous involvement. Because this is in a fast track, it would be good to get one ORD position as you go through your review, so we can get the info. over to OPP as quickly as we can.

Norm and Vince, let me know if you think we need to talk or set up an internal ORD meeting to discuss. OSP will be the point of contact for getting the info. back to OPP, and depending on what the review says, we may need to set up a meeting with Tom beforehand.

Thanks.

Jackie

Subject: UNDER EMBARGO - Glyphosate: EFSA updates toxicological profile

Dear Colleagues,

Today 12 November at 12:00 CET, EFSA will publish a Conclusion on the Peer review on glyphosate and a complementary technical document.

It will be accompanied by a News Story and a non technical summary.

The documents are under embargo until **12:00 CET** when they will be published on our website.

For any further information on the Conclusion, please contact Jose Tarazona (Jose.Tarazona@efsa.europa.eu).

For any further information on the News Story, please contact Simon Terry (simon.terry@efsa.europa.eu).

Best regards,

Djien

The documents are scheduled for publication on **12 November 2015 at 12:00 CET. They are shared under embargo in advance for your information and not for wider distribution.** The documents are shared on a confidential basis in advance of final publication and are therefore not intended to be shared beyond recipients identified in the distribution list above until the final documents are actually published. There is always a possibility that there will be additional changes before the final version is published and that the actual date and/or time of publication, indicated by the embargo, may change. Please note that only the final, published version remains the reference document. The EFSA website should be checked for confirmation of final content and publication. Only documents which are published on EFSA's website can be cited/used.
